

# The Faith of the Unbeliever Conference

In this one day conference, the Rev Dr Martin Robinson (UK) will help us to explore some of the key issues for doing mission in 21<sup>st</sup> century western society.

Martin will help us to:-

- Understand the "faith" or worldview of the average unbeliever and how we might communicate faith in Christ.
- Look at how "small" churches can be effective in reaching their communities with the Gospel.
- Explore *sustainable* church planting.
- Examine the emerging church movement and the creative ways that different Christians are "doing church" in order to connect with those they are seeking to reach.

Martin's presentations will be interactive with ample opportunity for questions and discussion. This conference will be an excellent way to motivate, inspire and give us focus at the start of another ministry year.

**Then he opened their minds so they could understand the Scriptures. He told them, "This is what is written: The Christ will suffer and rise from the dead on the third day, and repentance and forgiveness of sins will be preached in his name to all nations, beginning at Jerusalem. You are witnesses of these things".**

**(Luke 24:45-48)**

**"Imagine a world ..... where the church is effectively living and communicating the gospel, where Christian values and teaching significantly impact the whole of society. Bringing about such a situation in our land represents the missionary challenge of our time".**
